6: Please provide any positive comment or constructive criticisms that could benefit the TA in future teaching.

1: You were a nice guy and provided relevant insight when necessary. Good luck with your future.

2: Kerim was extremely approachable and willing to help me learn. He is very kind and knowledgable. I recommend him as a TA.

3: Made lab interesting and always was prepared for the presentations given and provided good discussion and feedback.

4: Great job with the TA work. Your comments after each presentation were always insightful.

5: I felt that Kerim effectively and appropriately challenged students during case presentations. He was a helpful TA throughout this course.

6: Ta was very engaged and willing to work with students to help them better understand the course material

7: No real comments. The lab sections were TA'ed effectively.

8: he asked too many questions that were often out of scope for the course.
